INDEX TO VOLUME 81

POSTGRADUATE MEDICINE

JANUARY–JUNE 1987

SUBJECTS

ABDOMEN
• Acute, associated common gastrointestinal diseases, evaluation and treatment. 81(4):125*
ABNORMALITIES
• Congenital, potential when immunizing pregnant patient. 81(8):103
• Neck mass, congenital causes, evaluation and treatment. 81(6):81
ACCIDENTS, TRAFFIC
• Accidental hypothermia, guide to recognition and treatment. 81(3):38*
ACQUIRED IMMUNODEFICIENCY SYNDROME (AIDS)
• AIDS-related complex. 81(4):80
• Confidentiality issues. (OP) 81(8):95
• Neurologic complications, diagnostic features. 81(1):72*
• Opportunistic AIDS-related infection. 81(4):79
ADOLESCENT MEDICINE: See Pediatrics
AGING
• Alcoholism-suicide connection. 81(4):379*
• Comprehensive evaluation of geriatric patient. 81(1):239*
• Compromised care because of changing federal programs. (PH) 81(8):22
• Congestive heart disease, long-term digitalis therapy. 81(2):141*
• Digitalis toxicity, relationship to psychiatric illness in elderly. (CR) 81(8):329
• Effect of loss of body water. (OP) 81(2):182
• Essential hypertension in elderly, evaluating pathophysiology in selecting appropriate drug therapy. 81(2):166, 172
• Immune function, alterations. 81(4):355*
• Neurologic examination, signs of normal aging. 81(4):375*
• Nursing home–acquired infection, risk factors, types, treatment and control. 81(6):55*
• Nutritional requirements, guidelines for supplementation. 81(6):123
• Ocular changes, management. 81(2):109*
• Oral health concerns, assessment and treatment. 81(4):363*
• Transition to retirement, tips for making it challenging and satisfying. (OP) 81(8):117
• Ventricular arrhythmias, evaluation and management. 81(8):281*
AIDS: See Acquired immunodeficiency syndrome (AIDS)
AIRWAY OBSTRUCTION
• Prevention in multiply injured patient by appropriate intubation. 81(5):119
ALCOHOLISM
• Alcohol withdrawal, treatment. 81(6):111*
• In elderly, relation to suicide. 81(4):379*
ALLERGY
• Allergic rhinitis, guide to diagnosis and treatment. 81(1):147*
• Role in nasal disorders in children, diagnosis and treatment. 81(8):65
ANEMIA
• Hemolytic, hereditary, laboratory testing. 81(5):293*
• Sickle cell, manifestations and management. 81(5):265*
ANTIBIOTICS: See Drugs, antibiotic
APPETITE DISORDERS
• Anorexia nervosa, effects on heart. 81(8):46*
ARRHYTHMIAS: See Cardiovascular diseases
ARTHROSCOPY
• In diagnosis and treatment of common joint problems. 81(8):127*
BEHAVIOR DISORDERS
• Cause of patient noncompliance or overcompliance with treatment regimen. 81(4):163*
• Delirium, psychological intervention. 81(5):173*
BEHAVIORAL MEDICINE
• Biofeedback-behavioral programs to treat chronic headache. 81(2):92
BIOPSY
• Fine-needle aspiration of breast mass. 81(3):140
• Of parotid gland tumor, why not to. 81(4):225*
• Small bowel, in determining cause of malabsorption. 81(7):39
BITES AND STINGS
• Brown recluse spider causing skin necrosis in patients receiving cancer chemotherapy. 81(4):269
• Human bites, evaluation and treatment guidelines. 81(6):221*
BLEEDING: See Hemorrhage
BLOOD
• Transfusion, indications, guidelines for use of blood components. 81(1):343*
BLOOD GLUCOSE
• Self-monitoring in diabetes control. 81(6):168
BLOOD PRESSURE
• Hypertension: See Cardiovascular diseases
• Measurement, guidelines for obtaining accurate readings. 81(2):73*
BLOOD TRANSFUSION
• Indications for use of blood components. 81(1):343*
BODY WATER
• Loss with aging. (OP) 81(2):182
BREAST DISEASES
• Mass, office-based diagnostic methods, therapeutic options. 81(3):137*
BREAST FEEDING
• Advantages, associated nutritional issues. 81(1):301
BURNS
• Chemical, to eyes, emergency and follow-up treatment. 81(4):62*
CALCIUM
• Needs in adulthood and old age, guidelines for supplementation. 81(6):124-5
CANCER: See Neoplasms
CARDIOLOGY
• Forty-year review. 81(7):71
CARDIOVASCULAR DISEASES
• Arrhythmia, side effect of diuretic use for hypertension? 81(7):123*
• Arterial emboli, causes, diagnosis, and treatment. 81(6):271*
• Arterial insufficiency, cause of impotence, treatment. 81(7):137
• Atherosclerosis, relationship to lipid levels, testing and therapeutic measures. 81(6):242*
• Cardiac abnormalities from anorexia nervosa. 81(8):46*
• Carotid bruit, asymptomatic, diagnosis and management. 81(1):109
• Cerebrovascular, basilar artery, diagnosis and treatment. 81(7):45
• Cerebrovascular, cerebral infarction in young adults, diagnosis. 81(5):141*
• Cerebrovascular, headache as symptom of stroke, evaluation. 81(8):191*
• Congestive heart disease in elderly, efficacy of long-term digitalis therapy. 81(2):141*
• Congestive heart failure, pathophysiology and pharmacologic treatment. 81(8):257*
• Congestive heart failure, pharmacotherapy, recent advances. 81(6):257*
• Embolism, arterial, differentiation from acute thrombosis. 81(6):272
• Endocarditis caused by *Corynebacterium*. (CR) 81(4):283
• Hyperlipidemia, cardiovascular risk factor, intervention strategies. 81(5):60
• Hypertension, appropriateness of stepped-care therapy. 81(7):111*
• Hypertension, cardiovascular risk factor, intervention strategies. 81(5):59
• Hypertension, diuretic-induced hypokalemia, relationship to cardiac arrhythmias and sudden death. 81(7):123*
• Hypertension, essential, individualized treatment by matching pathophysiology and pharmacology. 81(2):165*
• Hypertension, individualized therapy as alternative to stepped-care treatment. 81(7):92*
• Hypertension, treatment guidelines. 81(7):130
• Indications for temporary cardiac pacing. 81(8):270
• Myocardial infarction, considerations for follow-up management. 81(4):335
• Prevention through early risk factor control, nutritional issues in children. 81(5):303
• Prevention, value of risk factor modification, exercise, fish consumption, and aspirin therapy. 81(4):52*
• Risk factor control in post-myocardial infarction patients. 81(4):338
• Risk with use of oral contraceptives. 81(2):57
• Treatment, changing nature over past 40 years. 81(7):73
• Vascular, Kawasaki syndrome, case in 4-year-old boy. (CR) 81(5):95
• Venous incompetence, cause of impotence, treatment. 81(7):138
• Ventricular arrhythmias in elderly, evaluation and management. 81(8):281*
CHEMICAL DEPENDENCY: See Drug abuse
CHEMOTHERAPY: See Drugs, antineoplastic
CHOLESTEROL
• Serum concentrations, relationship to coronary artery disease, testing and therapeutic measures. 81(6):242*
• Serum level in children, need for screening. 81(4):302
• Serum level in infants. 81(1):305
COCAINE
• Neurologic consequences of use. (VP) 81(8):150
COLONIC DISEASES: See Gastrointestinal diseases
COLPOSCOPY
• Technique and equipment. 81(8):80
COMMUNICATION
• Pitfalls between physician and patient. (OP) 81(3):61
• Telephone "emergencies," guidelines for responding appropriately. 81(2):61*
CONTRACEPTIVES
• Oral, benefits and cardiovascular risks. 81(2):46*

continued

*Major clinical discussion
CR, Case Report
ED, Editorial
OP, Opinion
PH, Physician-at-Large
VP, Viewpoint

DEATH/DYING
• Certification, inaccurately completed, results of study. 81(8):245
• Ethical implications. (ED) 81(6): 13
• Falsely perceived in victims of accidental hypothermia. 81(3):38*
DELIVERY OF HEALTHCARE
• Does today's medical marketplace demand "trendy" hospitals? (PH) 81(1):58
• To disadvantaged, role of community benevolence. (ED) 81(2):13
• To elderly, diminished with changes in federal programs. (PH) 81(8):22
DENTAL DISEASE
• In older adults, assessment and treatment. 81(4):363*
DEPRESSION
• In elderly, relation to alcoholism. 81(4):381
DERMATITIS
• Necrotizing, in patients receiving cancer chemotherapy. 81(4): 263*
DIABETES
• Associated retinopathy in elderly, management. 81(2):126
• Complicated by retinopathy, evaluation and treatment. 81(6): 191*
• In homeless person, guidelines for successful management. 81(1): 289*
• Insulin-dependent (type I), intensive therapy. 81(6):163*
• Non-insulin-dependent (type II), therapeutic strategies. 81(6):177*
• Progress in field, 1947-1987. 81(6):133
• Risk with use of oral contraceptives. 81(2):57
• Type I, immunotherapy in treatment and prevention. 81(6):146*
DIAGNOSTIC TECHNIQUES
• Arthroscopy, capabilities and applications. 81(8):127*
• Colposcopy, technique and equipment. 81(8):80
• Fine-needle aspiration biopsy of breast mass. 81(3):140
• For hemolytic conditions. 81(5): 298
• For measuring volume of gastric contents. 81(3):68
• In cholecystitis. 81(1):193
• In determining cause of malabsorption. 81(7):37
• In fertility workup in women. 81(2):218
• In fever of unknown origin. 81(5): 195-8
• In gastroesophageal reflux. 81(6):204
• Lumbar puncture, in subarachnoid hemorrhage. 81(3):119; In meningitis. 81(3):120
• Noninvasive, for carotid testing. 81(1):113
• Temporary cardiac pacing, indications. 81(8):269
DIET: See Nutrition
DISASTERS
• Hazardous-material emergencies, management, community preparedness. 81(3):127*
DIZZINESS
• Caused by labyrinthine diseases, evaluation and treatment. 81(4): 251*
DRUG ABUSE
• Cocaine, neurologic sequelae. (VP) 81(8):150
DRUG THERAPY
• For gastroesophageal reflux. 81(6):206
• For hypertension, individualized rather than stepped-care approach. 81(7):92*
• For migraine. 81(8):182
• For muscle contraction headache. 81(8):210
• For peptic ulcer disease. 81(5): 89
• Thyroid hormone for hypothyroidism. 81(5):232
DRUGS, ADVERSE REACTIONS
• Digitalis toxicity, cause of delirium in elderly woman. (CR) 81(8):329
• From antihypertensive therapy. 81(7):94
• From diuretics. 81(7):114
• Gonadotoxic effects resulting in male infertility. 81(2):194
DRUGS, ANALGESIC
• For muscle contraction headache. 81(8):210
• For sickle cell disease. 81(5):278
DRUGS, ANGIOTENSIN-CONVERTING ENZYME INHIBITORS
• For congestive heart failure. 81(8):264
DRUGS, ANTIARRHYTHMIC
• For postinfarction patients. 81(4):337
• For ventricular arrhythmias in elderly. 81(8):285
• Potential use in gastric emptying disorders. 81(3):75
DRUGS, ANTIBIOTIC
• Broad-spectrum, for nosocomial and nursing home–acquired pneumonia. 81(1):131*
• For acute bacterial meningitis. 81(3):124
• For anaerobic infections. 81(8): 143, 145-7
• For human bite wounds. 81(6): 222
• For infection in sickle cell disease. 81(5):277-8
• For opportunistic infections in persons infected with human immunodeficiency virus. 81(4):79
• For pelvic inflammatory disease. 81(4):109, 112
• For syphilis. 81(1):89
• For toxic shock syndrome. 81(4): 154
• For urinary tract infections in women. 81(3):53; Managing reinfection. 81(3):54
DRUGS, ANTICHOLINERGIC
• For irritable bowel syndrome. 81(4):291-3
DRUGS, ANTICOAGULANT
• Coumarin, associated with skin necrosis in patients receiving cancer chemotherapy. 81(4):269
• For survivors of myocardial infarction. 81(4):339
• Heparin, for arterial embolism. 81(6):273-4
DRUGS, ANTIDEPRESSANT
• For prevention of muscle contraction headache. 81(8):212
DRUGS, ANTIHISTAMINE
• For allergic rhinitis. 81(1):151
DRUGS, ANTIHYPERLIPIDEMIC
• For decreasing LDL cholesterol level. 81(6):249
DRUGS, ANTIHYPERTENSIVE
• Diuretic-induced hypokalemia, relationship to cardiac arrhythmia and sudden death. 81(7):123*
• For essential hypertension, selection on the basis of individual pathophysiology. 81(2):168
• Individualized care. 81(7):99
• Overview, guidelines for use. 81(7):130
• Stepped-care therapy versus individualized treatment. 81(7):111*
DRUGS, ANTINEOPLASTIC
• Skin complications. 81(4):263*
DRUGS, ANTIVIRAL
• For herpes zoster and accompanying medical complications. 81(1):233
DRUGS, BENZODIAZEPINE
• For alcohol withdrawal syndrome. 81(6):113
DRUGS, BETA BLOCKER
• For congestive heart failure. 81(8):265
DRUGS, BIPYRIDINE DERIVATIVES
• For left ventricular failure, recent advances. 81(6):263
DRUGS, CALCIUM CHANNEL BLOCKER
• For congestive heart failure. 81(6):262; 81(8):265
• For hypertension, comparison with diuretics. 81(7):113
• For irritable bowel syndrome. 81(4):297
DRUGS, CARDIAC GLYCOSIDE
• Digitalis, efficacy of long-term treatment of congestive heart disease in elderly. 81(2):141*
• Digitalis toxicity, cause of delirium in elderly woman. (CR) 81(8): 329
DRUGS, CONTRACEPTIVE
• Oral, use by women with systemic lupus erythematosus. 81(8):163
DRUGS, CORTICOSTEROID
• For chronic obstructive pulmonary disease. 81(5):131*
• For systemic lupus erythematosus. 81(8):158
• Topical nasal sprays for allergic rhinitis. 81(1):154
DRUGS, DIURETIC
• For congestive heart failure. 81(8):262
• For hypertension as part of stepped-care therapy program. 81(7):113
• For hypertension, relationship to cardiac arrhythmias and sudden death. 81(7):123*
DRUGS, DOPAMINE AGONIST
• For gastric emptying disorders. 81(3):74
DRUGS, ERGOTAMINE
• For migraine. 81(8):181
DRUGS, GENERIC
• Liability for substitution. (ED) 81(3):13
DRUGS, H_2-RECEPTOR ANTAGONIST
• For gastroesophageal reflux. 81(6):205
DRUGS, HORMONE
• Oral contraceptives, benefits and cardiovascular risks. 81(2):46*
DRUGS, IMMUNOSUPPRESSIVE
• For systemic lupus erythematosus. 81(8):159
• In inducing remission of type I diabetes. 81(6):148
DRUGS, INOTROPIC
• For congestive heart failure. 81(8):261
DRUGS, NONSTEROIDAL ANTIINFLAMMATORY
• For muscle contraction headache. 81(8):212
DRUGS, PLATELET INHIBITOR
• For prevention of sudden death or recurrent myocardial infarction. 81(4):339
DRUGS, SALICYLATE
• Aspirin therapy, role in prevention of cardiovascular disease. 81(5):68
• Cause of nosebleed in child. 81(1):219*
• For Kawasaki syndrome. 81(5): 98
DRUGS, SIDE EFFECTS
• Cardiovascular, from oral contraceptives. 81(2):49
• Extrapyramidal, from metoclopramide in gastric emptying disorders. 81(3):75
• From oral sulfonylureas for non-insulin-dependent diabetes. 81(6): 179
• Hypokalemia, diuretic-induced, relationship to cardiac arrhythmia and sudden death. 81(7):123*
• Migraine, pharmacologic triggering factors. 81(8):181
• Sexual dysfunction. 81(7):134
DRUGS, SULFONYLUREA
• In treatment of non-insulin-dependent diabetes mellitus, comparisons, efficacy, and side effects. 81(6):177*
DRUGS, THROMBOLYTIC ENZYME
• Fibrinolytic therapy for arterial embolism. 81(6):274
DRUGS, VASODILATOR
• For congestive heart failure. 81(8):262
• For left ventricular failure, recent advances. 81(6):257
• For organic impotence. 81(7): 134
EAR DISEASES
• Labyrinthine diseases characterized by dizziness, evaluation and treatment. 81(4):251*
• Middle ear fluid and ventilation tubes, 20 questions. 81(4):239*
EDUCATION, MEDICAL
• Liberal arts for better command of the language? (PH) 81(3):24
• Skills training in family practice residency. 81(2):155*
ELDERLY: See Aging
ELECTROCARDIOGRAPHY
• In hypokalemic patients to determine incidence of cardiac arrhythmias. 81(7):125
• Temporary cardiac pacing, diagnostic and therapeutic indications. 81(8):269*
EMERGENCY MEDICINE
• Cardiopulmonary resuscitation, historical and future perspectives. 81(3):90*
• Chemical injuries to eyes, emergency and follow-up treatment. 81(4):62*
• Forty-year review. 81(3):81
• Hazardous-material emergencies, management, community preparedness. 81(3):127*
• Hypothermia and trauma victims, steps to recognizing relationship. 81(3):38*
• Multiply injured patient, assessment and management. 81(5):119*
• Nosebleed in children, treatment. 81(1):217*
• Severe headache caused by subarachnoid hemorrhage or meningitis, emergency evaluation. 81(3):117*

• Telephone "emergencies," interviewing guidelines. 81(2):61*

ENDOCRINE DISORDERS
• Cause of male infertility, identification and treatment. 81(2):207*
• Diabetes: See Diabetes
• Thyroid disorders, general internist's approach to evaluation. 81(5):231*
• Thyroid, painful, diagnosis. (VP) 81(1):161

ENVIRONMENTAL HAZARDS
• Chemicals, ocular burns, emergency and follow-up treatment. 81(4)62*
• Hazardous-materials emergencies, management, community preparedness. 81(3):127*

EQUIPMENT
• For measuring blood pressure, sources of error. 81(2):79

ETHICS, MEDICAL
• Confidentiality issues and AIDS. (OP) 81(8):95
• Implications in terminal care. (ED) 81(6):13

EXERCISE
• Are Americans overdoing it? (OP) 81(4):343
• Bicycling, case of associated impotence. (CR) 81(1):99
• Role in prevention of cardiovascular disease. 81(5):66
• Strenuous, when to resume after infectious mononucleosis. 81(1): 332*

EYE DISORDERS
• Cataracts, management. 81(2): 117
• Chemical burns, emergency and follow-up treatment. 81(4):62*
• Complications of herpes zoster. 81(1):230
• Diabetic retinopathy, background and proliferative, treatment. 81(6):191*
• Diabetic retinopathy, management. 81(2):126
• Glaucoma, management. 81(2): 118
• Macular degeneration, management. 81(2):115
• Ocular changes in elderly, management. 81(2):109*
• Sudden vision loss in elderly, management. 81(2):129

FAMILY PRACTICE
• Forty-year review. 81(2):97
• Skills training during residency. 81(2):155*

FERTILIZATION IN VITRO
• Promising new development in treatment of male infertility. 81(2): 206

FEVER
• Unknown origin, general internist's approach. 81(5):190*

FIBER
• Dietary, increased amounts in treatment of irritable bowel syndrome. 81(4):297

GALLBLADDER DISEASES
• Cholecystitis, acute acalculous, percutaneous cholecystostomy in high-risk patients. 81(1):209*
• Cholecystitis, acute, treatment. 81(1):191*
• Cholelithiasis, diagnosis and treatment, indications for surgery. 81(4):131
• Gallstones, therapeutic options. 81(1):201*

GASTROENTEROLOGY
• Forty-year review. 81(1):173

GASTROINTESTINAL DISEASES
• Acute abdomen presentation, evaluation and treatment. 81(4): 125*
• Cholecystitis, acute acalculous, percutaneous cholecystostomy in high-risk patients. 81(1):209*
• Cholecystitis, acute, treatment. 81(1):191*
• Colonic diverticular disease, community hospital experience. 81(5):79*
• Emptying disorders, tests and treatments. 81(3):67*
• Gallstones, therapeutic options. 81(1):201*
• Gastroesophageal reflux, evaluation and treatment. 81(6):203*
• Infectious gastroenteritis in nursing home residents. 81(6):62
• Irritable bowel syndrome, clinical characteristics and management. 81(4):291*
• Malabsorption, patient workup. 81(7):32*
• Peptic ulcer disease, risk factors, diagnosis, and therapeutic interventions. 81(5):85*
• Peptic ulcer disease, role of prostaglandins in pathogenesis and treatment. 81(4):309*

GENITAL DISEASES
• Female, pelvic inflammatory disease, pathogenesis, diagnosis, and treatment. 81(4):105*
• Male infertility, endocrine causes, identification and treatment. 81(2):207*
• Male infertility, patient evaluation. 81(2):193*; Treatment. 81(2): 203*
• Male infertility, psychological factors. 81(2):223*

GERIATRICS: See Aging

GLAUCOMA
• In elderly, management. 81(2): 118

GYNECOLOGY: See Obstetrics/Gynecology

HAND
• Carpal bones, mnemonic. 81(1): 106; (correction) 81(4):389

HANDICAPPED
• Mentally, nutritional support through jejunostomy. (VP) 81(4): 116

HEADACHE
• Aneurysmal subarachnoid hemorrhage, critical need for early recognition and prompt referral. 81(5): 105
• Basilar artery migraine, diagnosis and treatment. 81(7):45
• Caused by subarachnoid hemorrhage or meningitis, emergency evaluation. 81(3):117*
• Chronic, nonpharmacologic treatment. 81(2):91
• In cerebrovascular disease, common symptom of stroke, evaluation. 81(8):191*
• In children and adolescents, classification, evaluation, and treatment. 81(8):223*
• Migraine, characteristics, triggering factors, and therapy. 81(8): 174*
• Muscle contraction, diagnosis and treatment. 81(8):203*

HEALTH PROMOTION
• For children, rationale and guidelines. 81(5):159
• Nutritional needs in childhood and adolescence. 81(4):301
• Role of primary care physician at individual, organizational, community, and government levels. 81(8): 235

HEART DISEASE: See Cardiovascular diseases

HEMATOLOGIC DISEASES: See also Hemorrhage
• Cause of nosebleed in child, management. 81(1):219-20, 223
• Cause of stroke in young adults. 81(5):149
• Hereditary persistence of fetal hemoglobin with associated hemoglobin C, report of case. (CR) 81(8): 133
• Hereditary red cell disorders, laboratory evaluation. 81(5):293*
• Polycythemia, relative and absolute, distinguishing characteristics, management. 81(5):285*
• Sickle cell disease, manifestations and management. 81(5):265*

HEMORRHAGE
• Aneurysmal subarachnoid, critical need for early recognition and prompt referral. 81(5):105
• Subarachnoid, association between cerebrovascular disease and headache. 81(8):191
• Subarachnoid, severe headache presentation, emergency evaluation. 81(3):117

HEPARIN
• For arterial embolism. 81(6): 273-4

HEREDITARY DISEASES
• Migraine, characteristics, treatment. 81(8):174*
• Persistence of fetal hemoglobin, associated hemoglobin C, report of case. (CR) 81(8):133
• Red cell disorders, laboratory evaluation. 81(5):293*
• Sickle cell disease, newborn screening, disease manifestations and management. 81(5):265*

HISTORY
• Blood pressure measurement, guidelines for accurate readings. 81(2):73*
• In elderly patients, guidelines for obtaining comprehensive information. 81(1):239

HISTORY OF MEDICINE
• Cardiology, 1947-1987. 81(7):71
• Diabetes mellitus, 1947-1987. 81(6):133
• Emergency medicine, 1947-1987. 81(3):81
• Family practice, 1947-1987. 81(2):97
• Forty years of *Postgraduate Medicine*. (ED) 81(1):43
• Gastroenterology, 1947-1987. 81(1):173
• General internal medicine, 1947-1987. 81(5):185
• Neurology in 1947. 81(8):169
• Otolaryngology, 1947-1987. 81(4):179

HORMONES
• Androgen replacement for erectile dysfunction. 81(7):133

HOSPITALS, COMMUNITY
• Becoming "trendy" in today's healthcare marketplace. (PH) 81(1): 58
• Contrast to large, impersonal medical center. (OP) 81(5):261

HYPERTENSION: See Cardiovascular diseases

HYPERTHYROIDISM
• Evaluation and treatment. 81(5): 231

HYPOTHERMIA
• In trauma victims, guide to recognition and treatment. 81(3):38*

HYPOTHYROIDISM
• Evaluation and treatment. 81(5): 231

IMMUNIZATION
• In elderly, alterations in immune response. 81(4):358
• In pregnancy, recommendations for appropriate use. 81(8):103*

IMMUNOCOMPETENCE
• Age-related changes. 81(4):355*

IMMUNOLOGIC DISEASES
• Acquired immunodeficiency syndrome, neurologic complications. 81(1):72*
• AIDS: See Acquired immunodeficiency syndrome (AIDS)
• Immunodeficiencies in elderly, effect on oral health. 81(4):367

IMMUNOTHERAPY
• For allergic rhinitis. 81(1):157
• In type I diabetes. 81(6):146*

IMPOTENCE
• Associated with stationary bicycling. (CR) 81(1):99
• Nonsurgical and surgical treatments. 81(7):133*; 137*

INFECTION
• Abscess, psoas, report of recurring case. (CR) 81(4):96
• Anaerobic, overview, diagnosis, and treatment. 81(8):141*
• Bacterial, mononucleosis-like symptoms, serologic testing to differentiate. 81(1):316
• Bacterial pneumonias, therapeutic advances. 81(1):131*
• Cause of neck mass, evaluation and treatment. 81(6):97
• Cause of necrotic dermatitis in patients receiving cancer chemotherapy. 81(4):263
• Chlamydial and spirochetal, mononucleosis-like symptoms, treatment. 81(1):320
• *Corynebacterium* endocarditis, report of case in elderly woman. (CR) 81(4):283
• Effect on male fertility. 81(2):193
• From human bite wound, evaluation and treatment. 81(6):221
• Herpes zoster, medical complications. 81(1):229*
• Human immunodeficiency virus, expanding spectrum of related diseases, diagnosis and treatment. 81(4):79*
